

**McCarrison Society
for Nutrition & Health.
(Scottish Group)**

THE SOCIETY WILL PRESENT
AN ILLUSTRATED RECORDED
LECTURE ENTITLED

DIET & DISEASE

by

Mr. Maurice J.N. Frohn, FRCS

at

**Kilmarnock Millennium Hall,
GARTOCHARN**

Thursday 28th October at 7.30 pm.

The Consultant Surgeon, a specialist in the digestive tract, explains the link between what we eat and the diseases we get. His colour slides taken by himself during operations demonstrate what happens to our bodies when we eat refined food but at the same time he explains

HOW TO AVOID THESE COMMON DISEASES.

The talk is in every-day language and suitable for people without medical knowledge but with an interest in health.
